

# Mini-Cours

## Algebraic Groups and Hermitian K-Theory

**18 ~ 22 Juin 2018, Lens (France)**

**Stefan Gille** (University of Alberta)  
*Quadratic forms over semilocal rings*

**Ivan Panin** (Steklov Institute of Mathematics)  
*On Grothendieck-Serre conjecture concerning principal bundles*

**Marco Schlichting** (University of Warwick)  
*Introduction to Hermitian K-theory*
