

# Mini-Cours

## Commutative Algebraic Groups, Hermitian K-Theory and Quadratic Forms

**30 Mai ~ 03 Juin 2016, Lens (France)**

**Michel Brion** (Institut Fourier – Grenoble)  
*Commutative algebraic groups up to isogeny*

**Bill Jacob** (University of California, Santa Barbara)  
*Quadratic forms,  $p$ -algebras and the de Rham-Witt complex*

**Max Karoubi** (Université Paris 7)  
*Overview of hermitian K-theory*
